NOTHING TO CONCEAL

DR. PIERCE TAKES THE PUB-LIC INTO HIS FULL CONFIDENCE.

He Gives the Ingredients of the Family Medicines which have Made His Name a Household Word in Countless Homes.

With all the recent talk about patent medicines and the determined effort in certain quarters to cast discredit upon all household remedies which come under that head, the fact remains that some of these medicines are so firmly established in popular favor and confidence, have so proved their worth and value, that all the denunciations of bigots cannot destroy the people's faith in them.

One of the best known of these remedies is Dr. Pirrics's Favoritz Prescription, a medicine which for years has been accepted by the people as a standard preparation for the cure of those allments to which women alone are subject and which has proved to be a certain cure in nine cases out of ten and a sure relief in the other one. Forty years of use by countless numbers of intelligent women is sufficient to indicate what the Favoritz Prescription has done and is doing for those women who suffer from the dragging pains—from that peculiar lassitude—from any of the uterine derangements which sapthelife and strength of women, making them old and worn when they should be and could have all the charms that Nature intended it should have.

Dr. Prence's Favoritz Prescription has wrought this mighty change, for thousands upon thousands of women in the last forty years and is working its miracle of cures to-day. Before Dr. Pierce conceived the idea of placing this medicine within the casy reach of every suffering woman he had demonstrated its value in his large private practice as a specialist in women's diseases. He knew what it would do for women by actual test. He is a physician of renown, a man of honor, a former member of Congress, one who is highly esteemed in his community. The thought of preying upon the sufferings of his fellows or of deluding them into using a worthless nostrum

one who is highly esteemed in his courmunity. The thought of preying upon
the sufferings of his fellows or of deluding them into using a worthless nostrum
is as repugnant to him as it can possibly be to any self-constituted guardian
of the physical well-being of the nation.
There is nothing to conceal about the

PAYORITE PRESCRIPTION. It is an absolutely pure medicine—made of roots and herbs, Nature's own restoratives, compounded after a formula concerning which there can be no question, by skilled chemists and by thoroughly scientific processes. Dr. Pierce is perfectly willing to let every one know that his FAYORITE PRESCRIPTION contains Blue Cohosh (Caulophyllum Thalicroides), Black Cohosh (Cimici/uga Racemosa), Lady's Slipper (Cypripedium Pubescens) and Golden Seal (Hydrastis Canadensis). Every doctor knows that PAYORITE PRESCRIPTION. It is an ab-Canadensis). Every doctor knows that such a prescription is beneficial in the diseases of women and when properly compounded is certain to effect a cure in practically all cases when stream of the control of the cont compounded is certain to effect a cure in practically all cases when given a fair trial. Hereafter every bottle of the FAVORITE PRESCRIPTION which leaves Dr. Pierce's immense laboratories in Buffalo, N. Y., will plainly tall of what the medicine is composed. Thus Dr. Pierce will once more prove to the world his own confidence in the remedy which for forty years has borne his name and which is known all through the United States and Canada, England, Asstralia, and in parts of South America, as a sovereign cure for those diseases which, unchecked, make our women old before their time. It will be noticed that there is no alcohol in the FAVORITE PRESCRIPTION. A great hue and cry has been raised

alcohol in the Favorite Prescription. A great hue and cry has been raised because some patent medicines contain alcohol. Dr. Pierco never believed in using alcohol in the preparation of his famous household remedies. For it, he substituted chemically pure glycerine, which has wonderful properties for extracting the medicinal principles of roots and herbs and barks and preserving them at their full strength, without any deleterious effect whatever.

Your druggist sells the Favorite Prescription and also that famous alterative and blood purifier, the Golden

PRISCRIPTION and also that famous alterative and blood purifier, the GOLDEN MEDICAL DISCOVERY. Write to Dr. Pierce about your case. He is a well-qualified physician and will treat your case as confidential and without charge for correspondence. Address him at the Invalide' Hotel and Surgical Institute, Buffalo, N. Y., of which he is Chief Consulting Surgeon.
